OVERVIEW

Overview

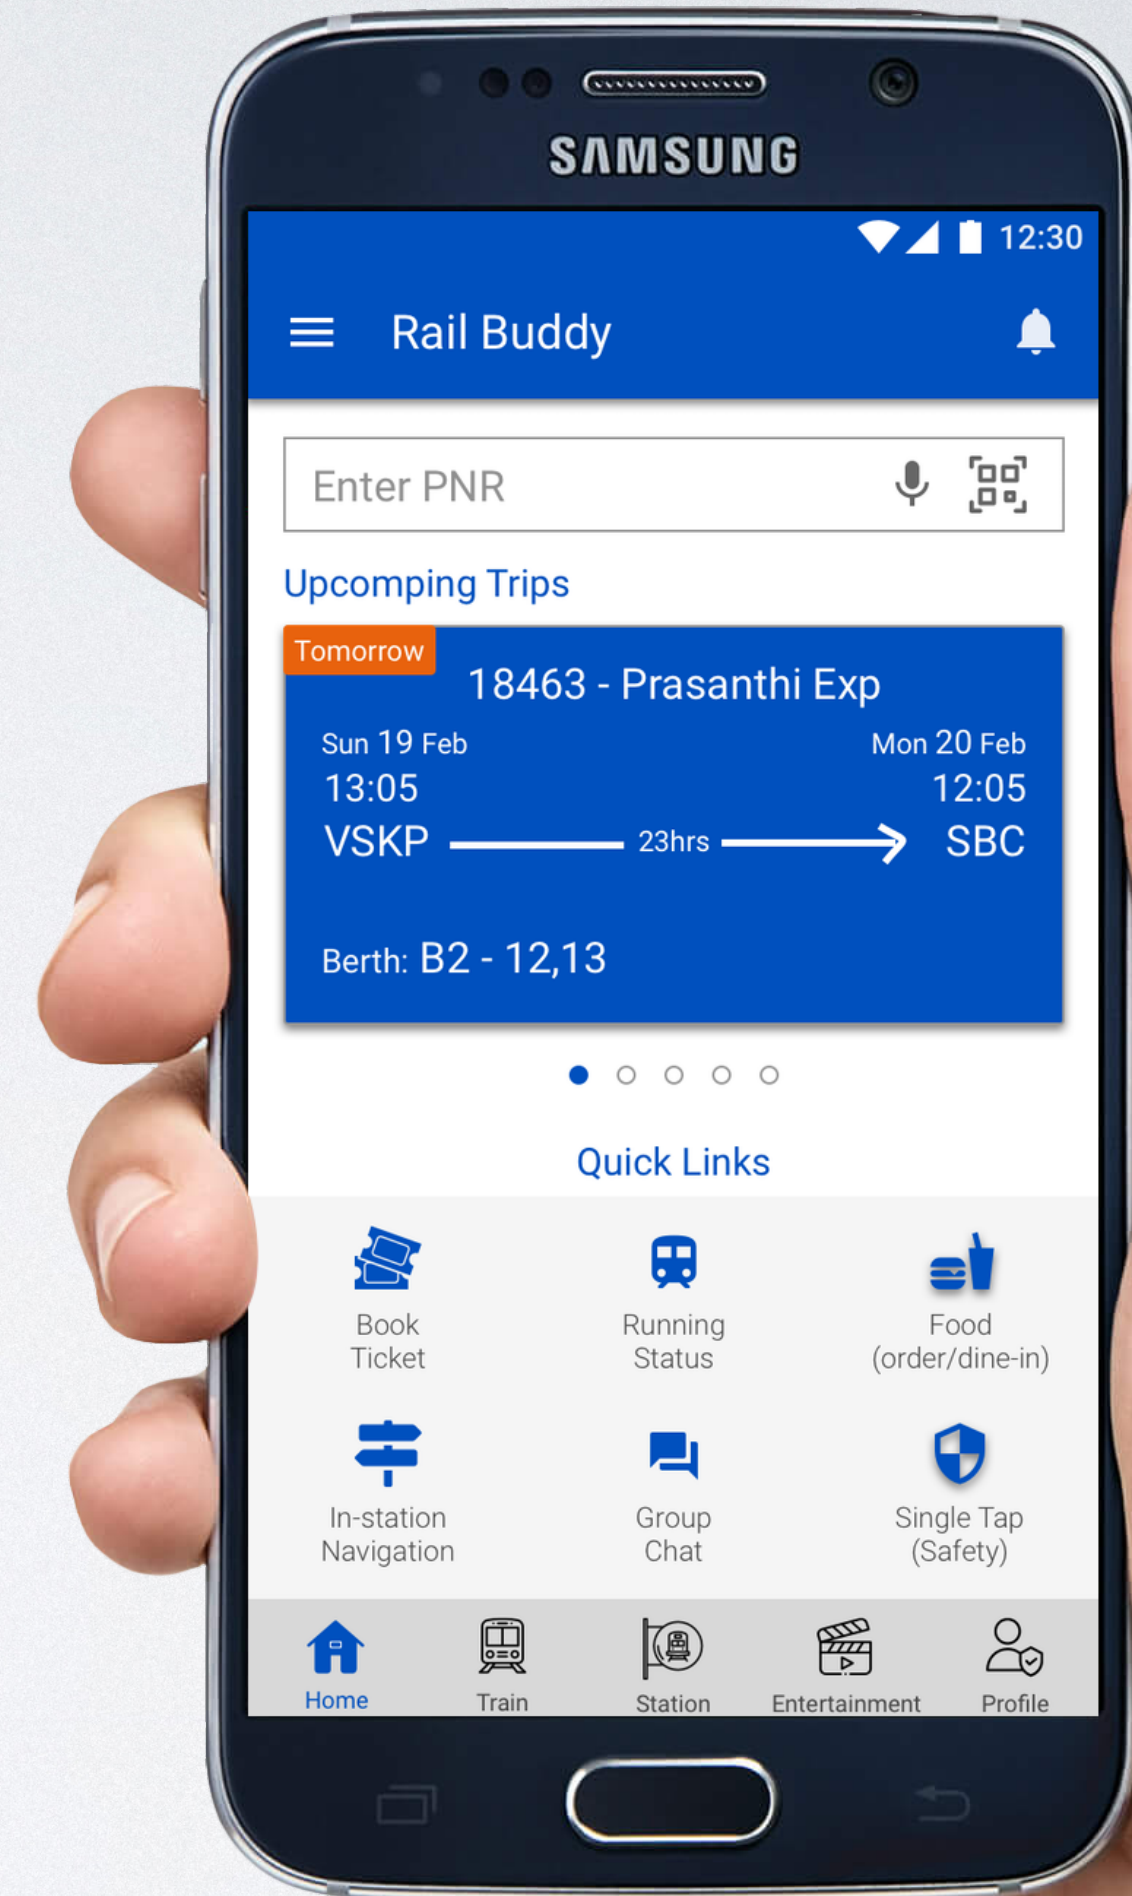

Rail buddy is your personal companion app on a train journey. It helps you from making a reservation, exactly pinpoint your seat while boarding a train, entertaining you through the trip and all your needs through your train journey.

Problem Statement

The problem is often when taking a train trip, one needs to have a lot of applications which could be helpful while in a train journey.

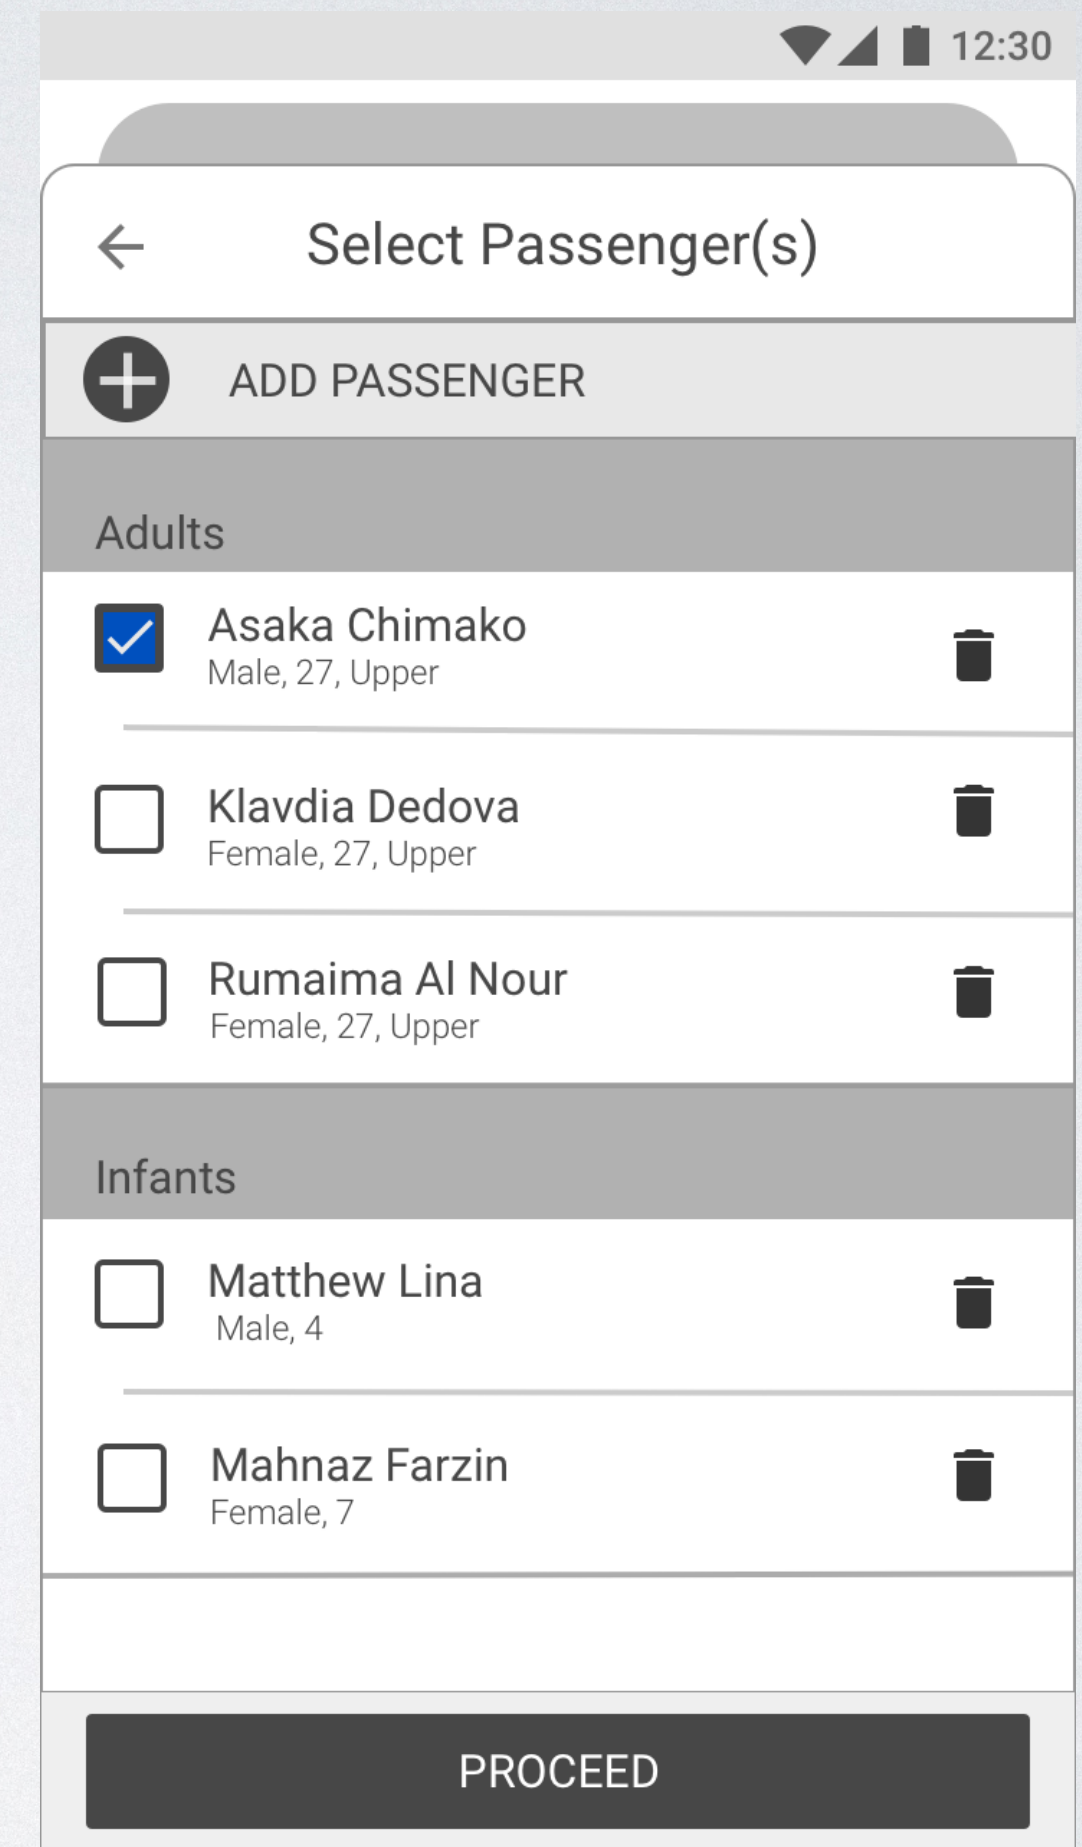

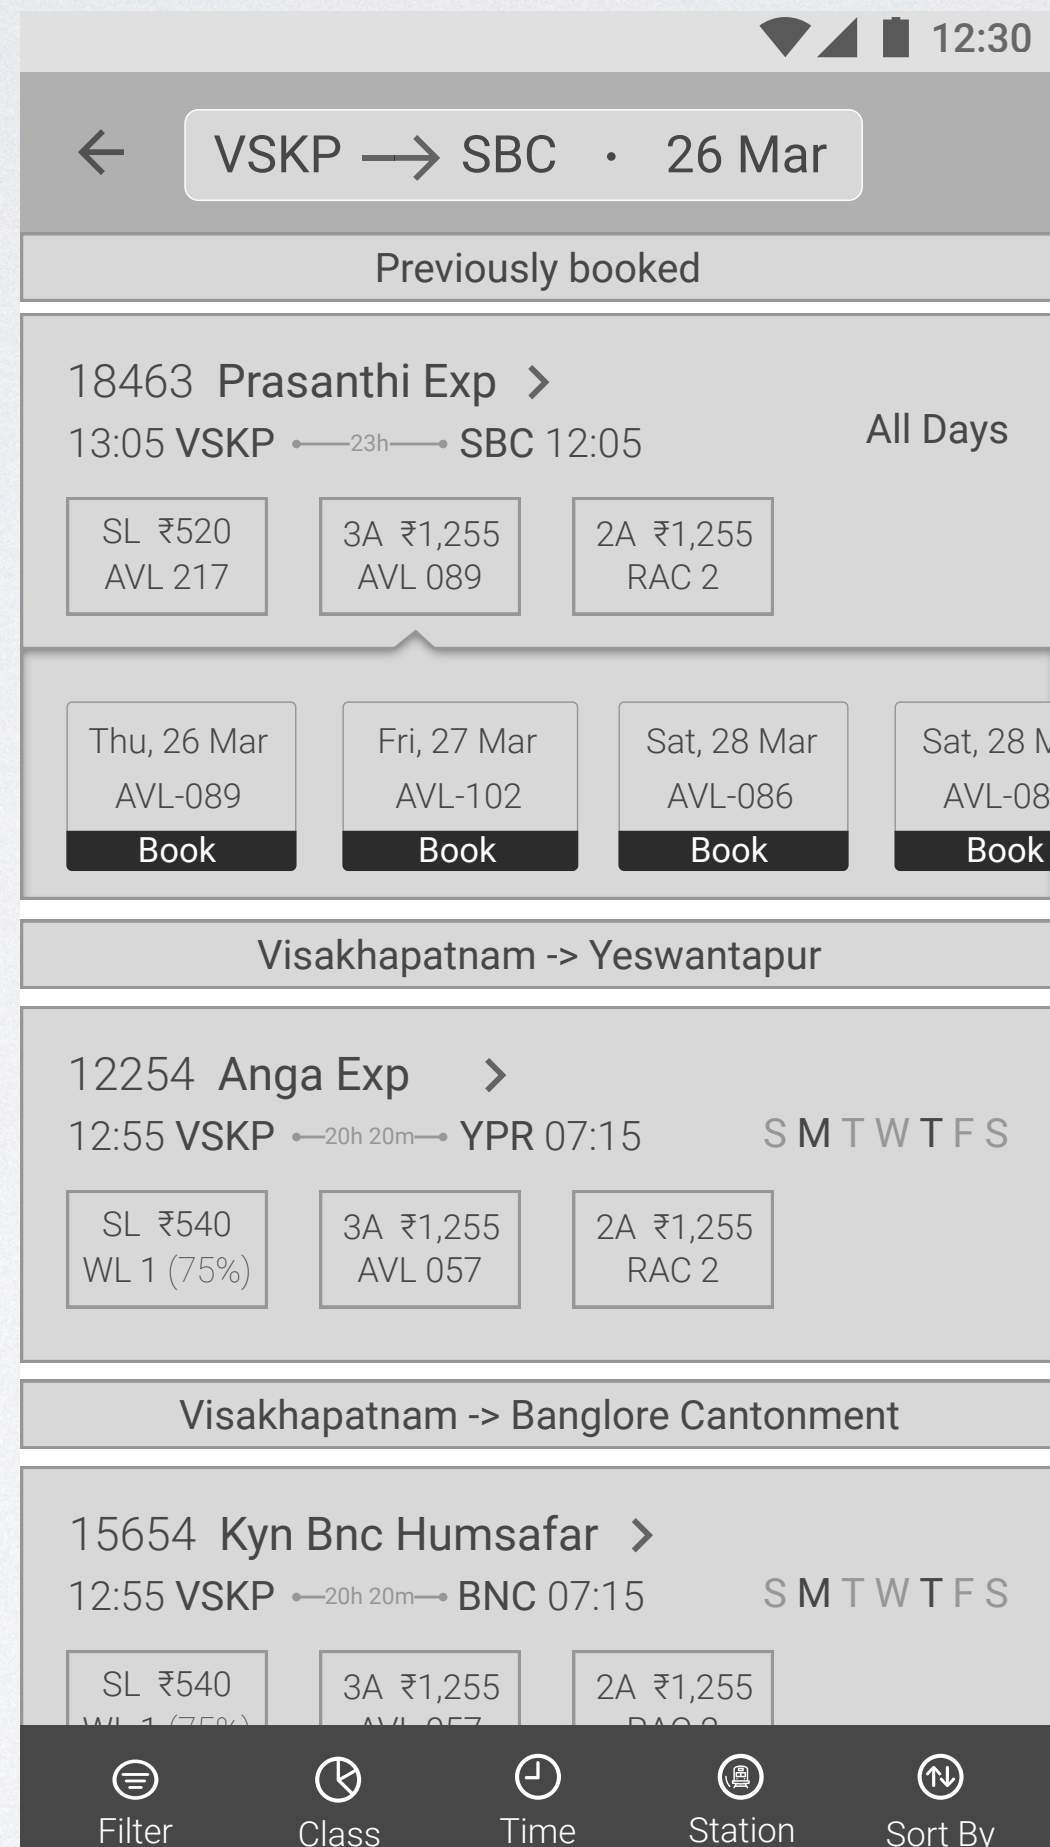

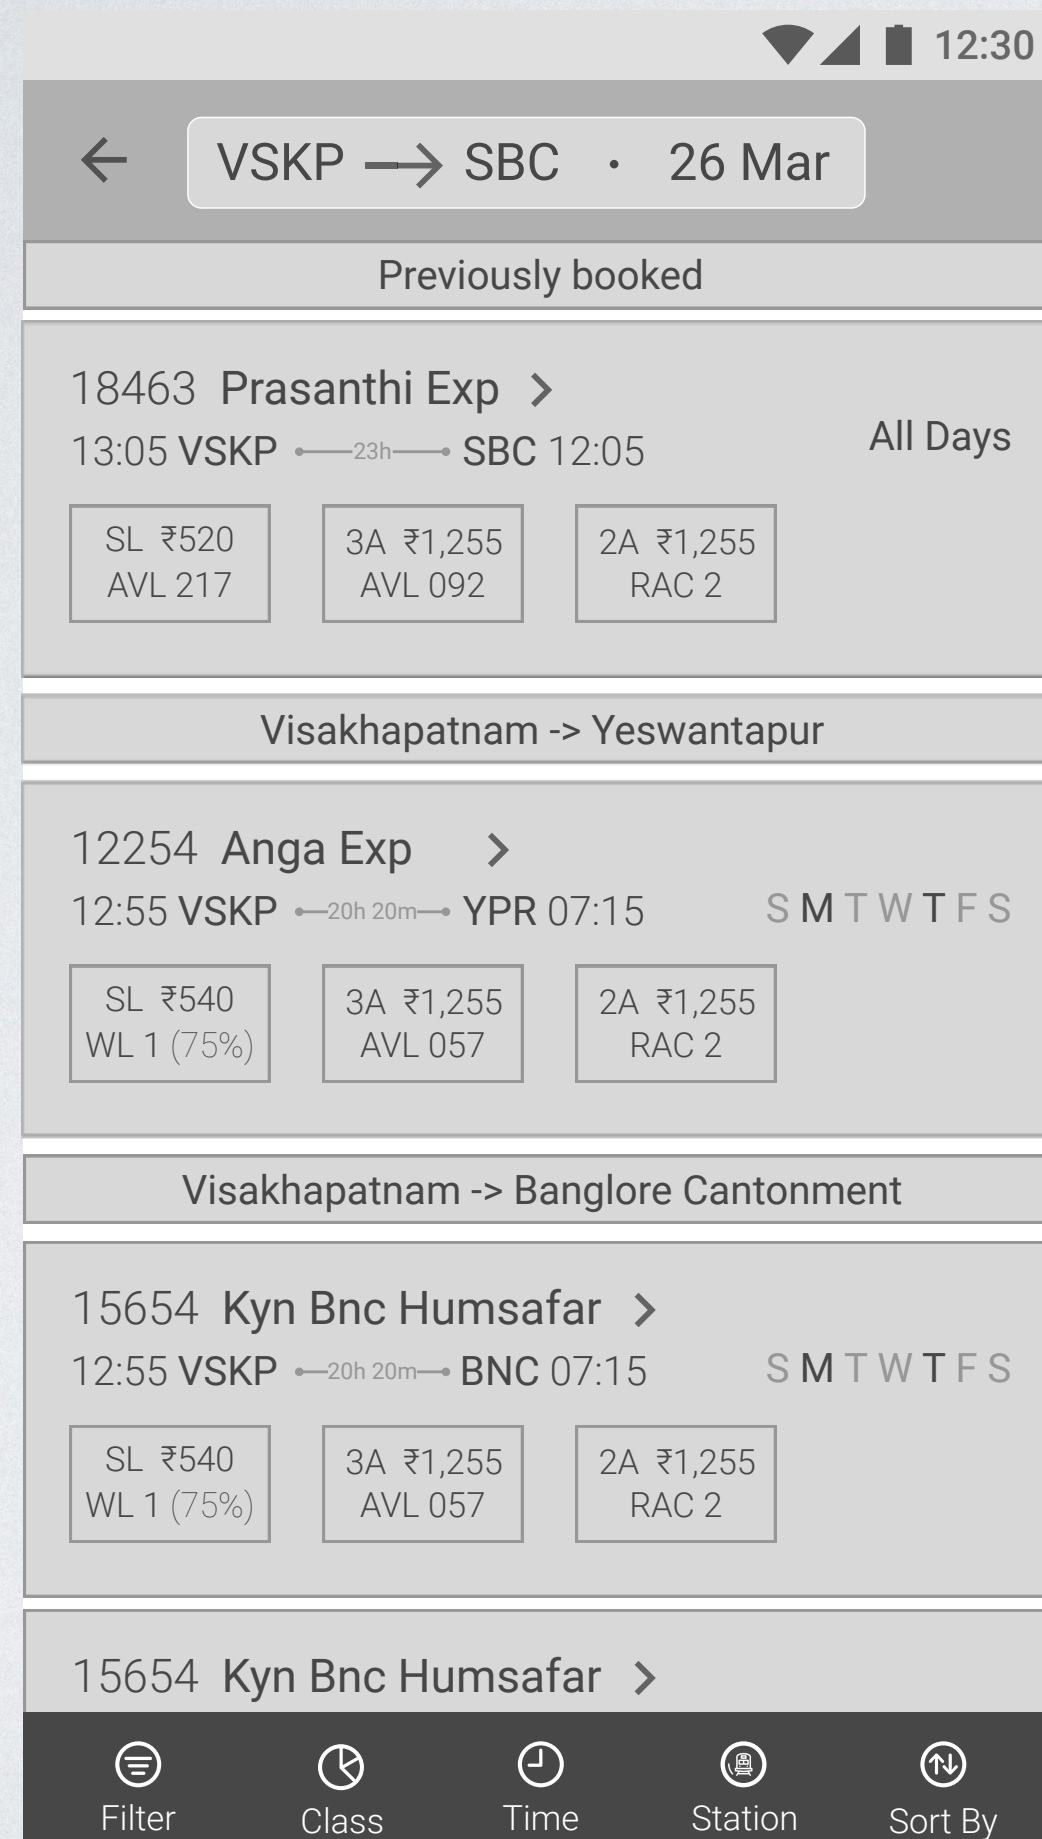

Solution

Our Solution is an application “Rail Buddy” which helps in all the needs while on train trip.
